Metal & Electroplated
TFT-CF-TP
Diamond Grinding Wheels
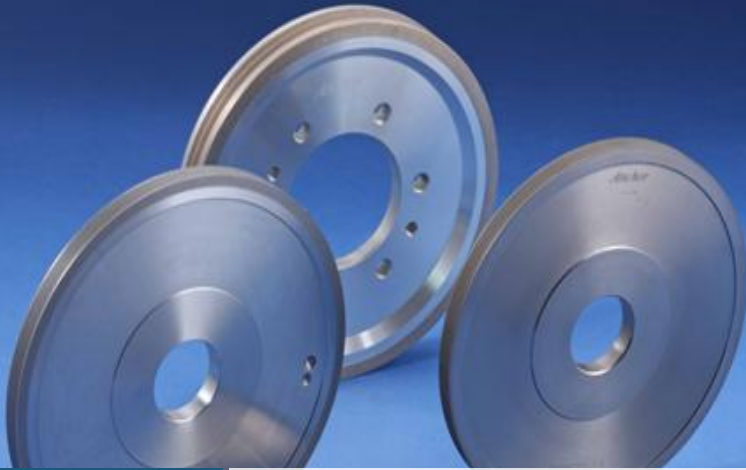

WHEELS for TFT-CF-TP
Metal & Electroplated

Satisfy the requirements on finish surface and accuracy. Provide the best solution for TFT, Color Filter and Touch Panel grinding.

■ SERIES for GLASS GRINDING

CARBO provides series of metal bond and electroplated diamond grinding wheels and mounted wheels for glass edge grinding、drilling and polishing. Those products have been well applied in the TFT-LCD、Color Filter and Touch Panel industries. CARBO's latest specification and design provides the best solution for glass grinding.

■ Wheels for TFT & CF Edge Grinding

The new specification and design could efficiently avoid chipping and white spot on the edge of glass. The wheels were also designed in antirust to reduce environment pollution from processing. All the wheels were corrected via high precision balancing machine to avoid vibrating problem in processing.

■ Regular Shape and Face

1FF6Y
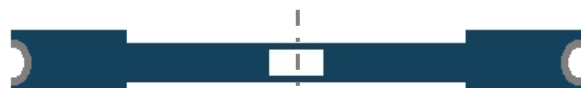

9FF6Y

■ Complete Production Line

Carbo provide metal bonded, electroplated mounted wheel for glass drilling and edge grinding.

■ Reliable Quality

Wheels must been inspected and quality

■ Customize

All the wheels could be designed and developed depends on customer's requirement in processing.

■ High C/P Ratio

All CARBO's wheels were made in Taiwan, we provide the best price and quality to create high C/P ratio for customers.

CASE STUDY

Material	CORNING GLASSES
Glass Size	Thickness: 1.0 mm 45.4mm x 76.1 mm (±0.05)
Safe Temperature	450º

CARBO's Metal Bond Mounted Grinding Wheels for TFT-LCD, CF and TP perform well in life time than other general electroplated mounted wheels that could efficiently improve the productivity via reduce wheel changing times.

Metal bond is 10 times better than Electroplated in life time
■ life time

Metal Bond   Electroplated
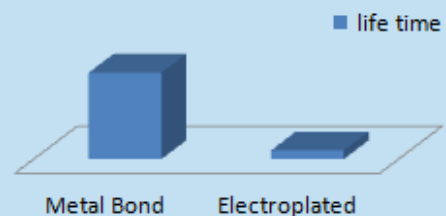

COMPANY INFORMATION

● For details, please contact the following agency.

Anchor®

CARBO TZUJAN INDUSTRIAL CO., LTD.
